

# Tourist or Terrorist? Sightseer or Smuggler?

- + Are you suspicious of that booking?
- + Is something not quite right?
- + There is something you can do about it and we need your help!

Are you suspicious of any clients who:

1. Book last minute and pay by cash?
2. Book frequent trips abroad without a bona fide reason or the apparent financial means to travel that often?
3. Make bookings with your branch but live beyond your customer catchment area?
4. Book unusual routes or journeys to or from politically sensitive locations?

If so, REPORT IT!

Please call the Police NOW . . .  
Your information will be treated confidentially.
